

Big Timber Parade

June 26, 2021

Don Reed's Camp Float. John Rice joined Don to ride on the Camp Float.

Don Reed added, "The float was a huge hit with the spectators often standing, clapping, and some took off their hats and placed their hands over their hearts. It was quite moving to witness such patriotism."

One of the highlights of the upcoming Sweet Grass Fest parade will be this submarine entry built by a team from the Montana Sons of the American Revolution. The model was built by Pete Oakander of Manhattan, president of the Montana Order of the Purple Heart. There will be another float with a revolutionary scene and some SAR members will be dressed in uniforms of that time. The Montana Daughters of the American Revolution will also be involved during Saturday's parade.
